70 YEARS AND STILL GOING STRONG! Hillcroft Services certainly does not look like it did back in 1953. More recently it may not look the same from year to year. This is due to the fact we have become very nimble in responding to funding requirement changes and most importantly very quick to pivot as the needs and desires of those we serve evolve.

As Hillcroft looks to the future, more regulatory requirement changes are in sight. The organization will begin to provide more and more services within the community. The desire on the federal and state level is to integrate individuals more fully

in the communities they reside with an emphasis on employment within community businesses. This will require staff to provide necessary support in alternate locations and not in a segregated facility. The vital role Hillcroft will play in the support system for people with developmental disabilities will continue to transform and is even more important as these changes come to pass. Individuals with disabilities need this entire community to keep positive movement advancing.

As we continue to celebrate our 70th anniversary, we are also working to transform how we do business and support those who desire it. Please watch our website Hillcroft.org and follow us on social media as we share each step of the way and let us know how you would like to become involved.

19th Annual Hillcroft Golf Scramble

We enjoyed another SOLD OUT, two-day event at The Players Club at Woodland Trails in May with over 250 golfers participating! It was an honor to partner with over 150 local businesses and individuals who support our mission and helped us raise over \$60K to make a greater impact in our community. We truly thank everyone who came out to support us! It's because of their loyal support that Hillcroft is able to make such an extraordinary impact in the lives of people with disabilities. We look forward to next May 9th and 10th for our 20th annual event!
